Rating: 0 0 Lacking Comments about Methods and etc... Too are SPARSE!	Rating: 4 Good use of whitespace! Good Choices of var names! Easy to Read. and Understand.	Rating: 3 No Exceptions Code returns expected values. Good Test in the main method	Rating: 1 Too Sparse Perhaps organize the explanations into one two parts: the method selections and the rationale for the choice of the underlying data structure. Development Plan? Incomplete To-do list?
